

PRESENTING THE INAUGURAL

Road Pricing Summit

Addressing the Implications and Considerations of Road Pricing Reform in Major Australian Cities

19 March 2020 | Rydges World Square Sydney

AN OUTSTANDING SPEAKER LINE-UP INCLUDING:

Michel Masson, *CEO*,
Infrastructure Victoria

Marion Terrill, *Transport and Cities Program Director*,
Grattan Institute

Michael Kilgariff, *CEO*, Roads Australia

Dr. Michael De Percy, *Associate Fellow*,
University of Canberra

Adrian Dwyer, *CEO*,
Infrastructure Partnerships Australia

Professor John Stanley, *Adjunct Professor*, *Institute of Transport and Logistics Studies*,
The University of Sydney Business School

Andreas Goldhorn, *ITS Domain Lead – Tolling Technology*,
Transurban

Daniel Shaw, *Systems Engineer*,
Kapsch TrafficCom Australia

Road Pricing Summit

Thursday 19 March 2020

8:15 Registration Opens

9:00 Opening Remarks from the Chair

9:10 KEYNOTE

The Case for Road Pricing Reform

Please check website for speaker details

9:40 Road User Charging for Electric Vehicles

- Why EV charging is necessary to counteract diminishing fuel excise
- Pathways to reform
- What impact will this have for owners of Electric Vehicles

Adrian Dwyer, *CEO, Infrastructure Partnerships Australia*

10:10 Congestion Charging - If Not Now When?

- Why now is the time for congestion charging
- How it could be implemented in Sydney and Melbourne
- How congestion charging complements new infrastructure investment and other demand management approaches

Marion Terrill, *Transport and Cities Program Director, Grattan Institute*

10:50 Refreshments

11:20 PANEL

Congestion Charging in Major Cities - The Why, What and How of Road Pricing Reform

- Is the time now?
- What impact will it have on end-users?
- What steps must be taken to implement reform?
- Why the urgency?

Michael Kilgariff, *CEO, Roads Australia*

Dr. Michael De Percy, *Associate Fellow, University of Canberra*

Michel Masson, *CEO, Infrastructure Victoria*

12:00 Enabling Road User Charging - A Technology Providers Perspective

Daniel Shaw, *Systems Engineer, Kapsch TrafficCom Australia*

12:30 Lunch

13:50 Planning for Connected Autonomous Vehicles

- How can transport authorities shape the unfolding innovations
- How to manage the transition and uncertainty in forward planning mobility
- CAVs and urban congestion – will they add or detract from the issue in major cities?

Colum Crawford, *Senior ITS Engineer and Transport Technology Specialist, Mott MacDonald*

14:30 Tolling Technology – What Innovation is Needed to Support Future Road Pricing

- Addressing mobility challenges
- What does the future of road tolling look like?
- What technology is needed to support this and is Australia there yet?

Andreas Goldhorn, *ITS Domain Lead – Tolling Technology, Transurban*

15:10 PANEL

Moving With the Times – What Impact Will Road Pricing Reform Have on Our PT System – Can it Cope?

- Can the public transport system cope with less cars on the road?
- What lessons can Australia learn from overseas?
- Evolving transport infrastructure needs
- How do we ensure mobility is optimised across the PT network in major cities

Dr. Tony Morton, *President, Public Transport Users Association (invited)*

Professor John Stanley, *Adjunct Professor, Institute of Transport and Logistics Studies, The University of Sydney Business School*

15:50 Closing Remarks

16:00 Close of Forum & Afternoon Refreshments

UPCOMING EVENTS

Road Pricing Summit

Thursday 19 March 2020

ABOUT THE EVENT

The inaugural Road Pricing Forum will address the issues and initiatives around road pricing reform and congestion charging.

Taking place on the 19th March, 2020 in Sydney, this immersive one-day event is intended to provide the platform for open discussion surrounding the debate and movement towards road pricing reform in major Australian cities.

Key issues to be discussed include:

- Congestion charging – costs, benefits and long-term impact
- Road pricing reform for Electric Vehicles – what impact will this have?
- Number plate and tolling technology requirements
- Impact on overall public transport network
- What impact will road pricing reform have on delivery of goods and services
- Steps to preparing and planning for Connected Autonomous Vehicles and how they will alter the transport landscape

Join the discussion and help shape the debate around Australia's road pricing agenda and opportunities for reform.

We look forward to welcoming you to Sydney on the 19th March.

SPONSORSHIP AND EXHIBITION OPPORTUNITIES

Excellent opportunities exist to showcase your organisation.
